Synthetic guidance: "Business named in a list" describes an observation. "Customers trust the business" is an unsupported inference. Keep those separate. Five sampled answers do not establish a stable ranking or overall market visibility.

The full workbook: 8 printable pages, editable TXT worksheets and CSV logs for five questions, five public pages, priorities, two copy revisions and a 30-day recheck. DIY resource: \$49 USD. A \$199 custom audit is a separate service. Contact info@action-enterprises.com to confirm scope before payment.
